Proposed by R. W. Gamble
Seconded by Major Fox

Resolved - That it is the opinion of this Board that the Temporary Fever Hospital is at present entailing a large and unnecessary expense on this Union and in its present distressed state ought to be avoided, that as said Hospital is detached from the Workhouse it is not under the Control of the Master or Clerk or any of the Union Officers, - that although a Committee was appointed a fortnight since to look after it yet it is virtually under no control whatever especially as the number in same are not on the Books of the Workhouse; that every relief given in said Hospital can be equally well provided in the Workhouse Fever Hospital where the Board are willing at once to provide ample accommodation for all Fever Patients in the Union and to keep the House in which the Patients are at present as an out-workhouse for aged persons and children, under the circumstances hereinafter mentioned. The following Letters from the Poor Law Commissioners and others were read and it was resolved that the following effect be given to the following effect, for Orders made on them respectively, as follows:

That the expenditure on same for each of the years ending Sept. 1848 and Sept. 1849 was 8¹/₂ in the Pound and that the present rate of expenditure is even more. That the Board therefore earnestly call upon the Comrs to consider the matter and apply the amount of Rate in aid collected in this Union to the liquidation of said Debt on the Tullamore Division.

That the Board consider they are not justified in paying any accounts until they see that the articles so to be paid for are correctly entered up in the Provision receipt and Consumption of Book and charged to the Master in same, that from the manner in which the entries are at present made the Board could not without great difficulty examine into their correctness. That for the purpose of facilitating same that all orders for Provisions and necessaries signed by the Chairman be entered up in the Provision receipt Column as received for the week following that on which they are ordered and according to the quantities so ordered and the number of each order entered in the proper column in the Provision Cheek.

Next Meeting of the Guardians to be held on
day of Decr. 1849

(Signed)

Clerk of the Union.

12th December 1849.

The Report of a Committee appointed by the Board for the purpose of suggesting a decrease and revision in the Salaries and Rations of the Officers of Lullamore Union.

For your Committee having taken into their Consideration the Resolution of the Board passed at their last Meeting for the above purpose, beg leave to state that it does not appear to them that any reductions can at present be made consistent with the well being of the Establishment, in the Salaries of the Officers of the Union except the four Mastermasons who should be reduced £1^{year} each, the Infirmary Nurse and Temporary Fever Hospital Nurse £5^{year} each and the Workhouse Fever Hospital Nurse £3^{year}.

It does not appear that the Salaries of the Master Matron or Assistant, Protestant or R. C. Chaplain, Porter, Schoolmaster or Assistant, Tailor, Shoemaker, Baker, Reviser, or Burial Inspector can be reduced but your Committee recommends that the Salary of each of the Relieving Officers be reduced one half and that the watchman be dismissed altogether as it appears from enquiring that he is a very inefficient Officer and it is for your Consideration whether it will be necessary to appoint any other. Having gone over the list of Rations supplied to the different Officers we do not consider that any reduction can be made in it. The Salary of the Assistant Master is more than is given to that Officer generally in other Unions and your Committee were therefore about to make some reduction in it but considering that the person who holds that appointment at present being a very efficient Officer we have been restrained from doing so on this Consideration. We find that the value of the work done by the Tailor and Shoemaker bears a very small proportion to the amount of those Officers Salaries. On visiting the new additional Fever Hospital it appears to be in a forward state that we conceive it will be fit to receive patients in about one month from this date, when we would strongly recommend that three persons to the Chairman of the Board of Guardians.

persons in the Magazines should be removed to the New Building
when the aged persons and children may be removed to the
Magazines by which arrangement a very considerable saving
will be effected.

From the Apothecary's Accounts it appears that
many medicines are got from the Druggists in a compounded
state for which of course there is an additional charge, whereas
an Apothecary is paid for the very duty of compounding the
Medicines and we therefore beg to call the attention of the Board
of Guardians to this matter. With respect to the Medical department
of this Establishment generally it appears to be so enormously
expensive that your Committee request the most serious Consider-
ation be given by the Board to it with a view of adopting some
means by which the expensiveness may be checked as at present
it does not appear to be under any Control whatever.

I have the honor to be

Proposed by William Morris
Seconded by William Bagnall

That the Boundaries in the several
Divisions of the Tullamore Union as
proposed by the Boundary Commissioners
are generally just and expedient in as
much as the liability to support the destitute
will be thereby in a great measure confined
to the proper parties; but at the same time
that the taxation which the proposed change
will entail on the towns will be excessive
to which we call the attention of the
Boundary Commissioners in order to
procure legislative ~~redress~~ redress

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon, as follows: (this on the second Meeting after the Annual Election in every year).

My Dear Sir

I return the Boundary Commission papers with thanks

I beg to request your attention and that of the Board of Guardians to the very ragged state of the clothing of many of the Boys and to the nakedness and too light clothing of others I have spoken to Mr Langrishe and to the Master on the subject in this inclement season the health of many must be affected unless their clothes be soon improved.

I have also pointed out to Mr Langrishe and the Master how inadequate both the schoolrooms are and how necessary it is immediately to enlarge them and I have shown how this can readily be done and without any considerable expense.

The number in the distillery is too great for its capacity. Some of the Youngest should be withdrawn from it and brought to the Workhouse when there is accommodation for them or perhaps they may be provided for in the Brewery where there are two vacant dormitories but the Workhouse would be the fitter place for them.

Next Meeting of the Guardians to be held on Friday the 18 day of January 1842.

(Signed)

Thomas Ryan
Clerk of the Union.

as these ^{are} classes 2. to 5 and 5 to 9 that require much care and supervision.

The new fever Hospital should be completed as quickly as possible that the Board may avail of its accommodation, and as the applicants for Relief will now probably be increasing fast the Board I think cannot be too prompt in providing further indoor accommodation which if not to be had in Tullamore may perhaps in Killeghgan Clara or Philipstown.

Y^r Francis Barry Esq

I remain

Yours Very faithfully
Denis Phelan

Reply to Doctor Phelan's letter of 9 Jan^y 1842

A further addition to the Distillery Auxiliary Workhouse being in contemplation Mr Langrishe was requested to make such arrangements as he might think expedient as to obtaining possession from the Occupation of another portion of that Building in order to afford the necessary accommodation.

January 25th Proposed by Philip Belton
Seconded by Darby Kelly
Resolved

That with a view to increase the Workhouse accommodations of this Union it is the opinion of this Board, that a Building should be erected Two Stories high, extending the full length of the Western Boundary wall, at the rear of the Infirmary, a length of nearly 400 feet and where the Boundary wall can be made available for the outside wall of such addition. The cost of the erection of which will be but small compared with the accommodations afforded, as it is estimated that it will contain 700 Paupers.

That a considerable saving will ultimately be effected by the proposed plan as the Guardians will be enabled to give up the Auxiliary Workhouses for which they are now paying heavy Rents

Passed
Proposed by Rob^t Tarlton
Seconded by Darby Kelly
Resolved

That as the new fever Hospital on the Workhouse premises is now ready for the reception of Pauper Patients labouring under that disease the Board hereby direct that it be made use of and that the Temporary fever Hospital at the Magazine be discontinued the Board direct that the Convalescent patients be discharged as soon as possible, and that no more persons labouring under dangerous diseases be admitted into that Building

Next Meeting of the Guardians to be held on Friday the
1st day of February 1850.

(Signed)

Thomas Ryan

Clerk of the Union.

That therefore the Board of Guardians
call on the Commissioners of Health to relieve
them from the great expence of the Temporary
Fever Hospital by taking it off their hands
and placing the Building at their dis-
posal for the accommodation of the
of Infirm paupers at present in the workhouse
thereby enabling them to afford increased
accommodation

Proposed by Robert Tarkenton
Seconded by Major Fox

Resolved That the Board of Guardians of this Union have again had under consideration their resolution of the 20 January with reference to the occupation of the Temporary Fever Hospital and they are anxious to again press respectfully this subject on the notice of the Commissioners of Health, with a view to place the Building used for this purpose at their disposal for the accommodation of Infirmer Paupers, as well as to be relieved from the expense of its support, and the Guardians are strengthened in this opinion by the statement of Dr. Phelan on his recent visit to this Workhouse, that the Union was almost free from fever and at the same time recommended the Board to apply to the Commissioners of Health to take this Establishment off their hands whenever they were of opinion they could do without it which recommendation he had no doubt would be complied with, the Guardians are now of opinion that the proper time has arrived to make this application and they therefore now request of them to do so especially as from an examination of the registry of Cases admitted it appears that a great number of the Cases admitted are Dysentery not Fever

From Doctor Monrohead, ^{Inspector of the Poor} 28th 1850

Sir

I beg to acknowledge the receipt of a copy of a Communication addressed to you by the Commissioners for administering the Law for Relief of the Poor in Ireland No. 2596/50 and dated 14th Instant.

It appears the Medical Inspector has reported that when Paupers take ill in the Brewery or Distillery Auxiliary houses they are sent to the Medical Officer to the Workhouse.

The course adopted in reference to these institutions is that when Paupers take ill at the Brewery I am sent for and attend them: Should they be very ill they are transferred by my directions to hospital for treatment, if otherwise they are prescribed for there and the Medicines sent to them. The same system is observed at the distillery with this exception that the boys and girls who may have mild disease are sent a short distance for examination to me daily to the Infirmary Canal Hotel, but in no instance that I am aware of have patients been sent from either institutions to the Workhouse for external treatment. Since the receipt of the communication referred to.

Next Meeting of the Guardians to be held on
8th day of March 1851

(Signed)

Thos. Ryan
Clerk of the Union.

I have applied for and obtained prescription Books for both places, and I now visit them with the same regularity as the parent Establishment. I was not before aware that this was expected of me, nor had I been previously apprised of its necessity.

Sr,

The Chairman

Communication from Poor Law Commissioners
N^o 10621 2nd March 1850

In Reference to Mrs. John W. Jones

Letter N^o 10621 22nd Ulster

Resolved

That in as much as there is sufficient accommodation provided in the Workhouse and its Auxiliaries for the destitute poor in this Union it appears to this Board that no necessity exists for the extension of Out Door Relief, and if such misery prevails in the Kilbeggan district, as Mr. Conell has stated the fault must ^{be from} ~~with~~ themselves of that Locality in not applying for Relief at the Workhouse.

With respect to the removal of nuisances and cleansing of the town of Kilbeggan it shall be attended to if on enquiry it may appear to the Board that any necessity exists in taking the necessary sanitary precautions.

Proposed by James Langrishe A.G.

Seconded by Philip Bolton.

Resolved

That the Relieving Officers do furnish the Guardians on next Board day with returns of all the Children who are Inmates of the Workhouse and whose parents have deserted them and stating the residence of those parents who are in this Union or in other Unions so far as they can ascertain.

Next Meeting of the Guardians to be held on
22nd day of March 1850.

(Signed)

Clerk of the Union.

Proposed by James Langrishe A.G.
Seconded by Robt. W. Taitton.

Resolved

That the Estate of the Earl of Charleville is under the jurisdiction of the Courts of Chancery but as the Charleville Castle, Offices, Woods and Plantations are not under the Courts and that there is £157. 7. 6 Poor Rates and arrears of Poor Rates due on the latter and as there is nothing available for distrip except in the Castle into which it is impossible to effect an entrance, it is the request of this Board that the Commissioners do lay the matter before Master Brooke (the Master in the Cause of Lewis V. Chy) with the view of ascertaining the proper course to be adopted in order to recover the large Amount of Poor Rates due upon these premises.

Proposed by Robert W. Taitton

Seconded by James Langrishe A.G.

That the Collectors be called upon to make returns of the outstanding Rates available and unavailable in the different Divisions to be produced on next board day.

In reference to a Report made by the Constable to the Commissioners of the death of a man named Loughlin Quinn of Starvation, I beg to state that said Loughlin Quinn made application to me for Relief in person two months ago.

I told him I would give him a ticket of admission to the Workhouse, and could not in any instance give Out door Relief to a person able to be removed to the Workhouse. He refused, and I have not up to this time heard of him nor has there been any application on his part or intimation of his sickness.

*Proposed by John H Walsh
Seconded by Francis Barry*

Resolved

That it was this day intended to elect Collectors for the Fulkham Union but as some Guardians were doubtful whether we had the power we conceive it necessary to take the direction of the Commissioners we therefore adjourn the election of Collectors to this day week (next Bond day) so that we may know how we should act in the matter. The Board conceive the present collectors are paid too little a poundage and also wish to have the power of electing fit and proper persons
