Report of the Committee appointed to investigate complaints against and to suggest the areas of collecting districts

The annexed Table will exhibit to the Board of Guardians the practical working of the existing arrangements of collecting districts embracing as it does great diversity in their extent and emolument. The Board will perceive that in no one instance particular as it is found that districts of great extent and emolument are the most satisfactorily managed, on the contrary though all the districts as far as regards the more brony question are well collected, allowances being for peculiar difficulties in some districts, yet even in this particular the collectors whose districts and emoluments are amongst the least considerable are found to excel but when in addition we consider as most certainly it was our duty anxiously to consider, the manner by which this successful result has been produced we cannot overlook the gratifying fact that in the four smaller districts confided to Messrs. J. J. Palmer, Himmamov and Patton it has been affected by a course of proceeding characterised by such exemplary patience, humanity and justice as to reflect the highest honour on their good feeling and good sense. We are assured and we believe truly that by the exercise of these they have found it unnecessary in any singular instance this year or rarely at any time to resort to severity and the state of their accounts amply proves how gratefully the rate payers appreciate ~~this~~ time admirable facilitated a contrary course occasioning much discontent and in some cases lamentable waste of the property of rate payers appears to have been pursued

That this Board of Guardians being satisfied that Mr. Morris' absence from the Board upon a day appointed by Colonel Clarke Poor Law Inspector to hold an investigation respecting certain charges preferred against Joseph Wooley in respect of certain arrears of Poor Rate with which Mr. Morris charges him as liable, was entirely unavoidable and attributable solely to Mr. Morris' absence in England, feel anxious in justice to Mr. Morris to suggest that an inquiry be held on the matter in question.

Notice of Motion

I move that I will on Friday the 27 Instant move a resolution to rescind the appointment of Richard Farrell as Poor Rate Collector for the Divisions of Forteen and Kilmurragh
13th Sept 1851

(Signed) John Selford

At a meeting of the Board of Guardians on the 30th ultimo, the Clerk called the attention of the Board to the Auditor's note on the paper in reference to charges (Amount £138.6.5¹/2) made against Mr. Mitchell last Master of the workhouse for provisions and necessaries received by him and not accounted for by him in the provision check.

The Board ordered the Clerk to enquire after the circumstances of Mr. Mitchell and his sureties preparatory to proceeding being advised for the recovery of the amount so charged by the Auditor above stated.

Owing to the foregoing order the Clerk reported to the Board that he made enquiry of persons well acquainted with the parties of Geo Mitchell late Master, Parnestown & N Shields do Wm Keane do Elisha Shoppard do and Thomas Woods do sureties of Mr. Mitchell and the result of that enquiry was that one and all of them are in insolvent circumstances.

The Clerk being questioned by the Guardians regarding the defalcation above stated gave his opinion to the Board that the discrepancy arose by the omission of an envelope of the Master Mr. Mitchell in the paper of his accounts that the goods were taken as they were received daily, in a private account made up by the

the Master and on forming the Contractor furnished their accounts periodically, the Board order and receipts of the Master were compared with each item furnished which agreeing with the Master's private ledger the Master signed the Contractor's bills for payment.

The discrepancy between the Contractor's accounts so furnished and the weekly receipts of provisions in the Provision Check was not discovered until the closing of the account of the half year ending 29th Sept 1848.

The Clerk on discovering the discrepancy aforesaid made a strict scrutiny of the Stewards such week as charged by Contractor and found that the consumption agreeable to the number on the Books should fully equal the deliveries by Contractor acknowledged to be received by the Master.

But the deficiency arose from the Master's omission in not debiting fully the Stews in the Provision Check, that appeared to be delivered by Contractor.

The Master's accounts being in such a confused state the classes not being arranged in the provision, from 11 was a complete blank for a considerable period, therefore the receipts and consumption of provision and necessaries could not be checked. If the Master entered up in the receipt and for 12 and showed consumption for the Stews corresponding with the Contractor's bills no discrepancy could not arise.

The

The discrepancy in that omission amounted to

£ 33. 16. 6¹/₂

The difference to the total charge was in the Master not entering sufficiently the consumption of the Stews in form 15 and on Mr. Conway taking up the Provision Stock from Mr. Mitchell there appeared as
Suf. less on hands
In Indian Meal
And in sundry other Stews

Ordered

The Board are of opinion that the Clerk should apply to the Poor Law Commissioners for information as to how he should act as this irregularity occurred during the time the Vice Guardians administered the affairs of the Union the provision account appear to have been neglected at that time but by the Clerk's representation to the Board there was no actual fraud on the part of Mr. Mitchell.

The Original Resolution being put and carried by a Majority of Twelve to four
Passed

Ordered

The Clerk to state the following cases to the Commissioners and to request their views regarding the proper chargeability

N^o 1

D. B. An adult born in the Division of Feashill as resided there up to 25 December 1876, and from that period she resided occasionally in Tullamore Division and in the workhouse

D. B. was admitted on the 10 Decr 1877 and charged to Feashill Division, and Discharged 9th June 1878

Age	Division	Admitted	Dischd	Chargeable
17	Feashill	Decr 10/77	June 9/78	Chargeable
18	"	June 25/78	Sept 2/78	Chargeable
18	"	Sept 2/78	Aug 15/79	Chargeable
19	"	Nov 3/79	Sept 2/80	Chargeable
18	"	Aug 2/80	Sept 2/80	Chargeable
20	Feashill	Nov 3/80		Chargeable

The Clerk has to acquaint the Commissioners with the cases of the inquiry in the above cases

Some guardians insist that according to the acts D. B. having resided occasionally in Tullamore Division making in the aggregate 19 months out of the last three years D. B. should be charged to Tullamore Division. The guardians argued that D. B. is chargeable to Feashill Division in as much as he first resided in the workhouse 10 December 1877 she was properly charged to Feashill not being 12 months out of that Division, and on her several admissions as above stated she remained in the periods that retained her chargeable to Feashill

Offaly Archives

OCL BG158/1/7

The question requiring answer are, whether the aggregate of several weeks, A. B. was out of the workhouse. And sleeping in Tullamore is to be adding making 14 months residence in Tullamore Prison in the last 3 years, or A. B. being released in the 17 months out of the last 3 years and not being out a period 12 months out of the workhouse is she not chargeable to parish.

No 2 Case W. M. The Child of a Soldier aged 12 years lived in Tullamore ten years the Father abroad with his Regiment about two months is the Child chargeable to Tullamore Division or to the Union at Large.

No 3 Case

Three Children applied for admission to the workhouse, their mother being a prisoner in Tullamore Jail.

The parents of the Children belong to Mount Union, and would be properly chargeable there if they applied for relief at Mount Mellick Workhouse.

But their mother being committed to Jail for some act in this County the Children became destitute.

The Guardians require to be informed if it is legal to forward the Children to Mount Mellick Union or if there is a legal remedy against the Mount Mellick Guardians for the support of the Children in Tullamore Workhouse.

Resolved

That the communication made to the Board by the Clerk having reference to the greatly increased duties imposed upon him by the alterations in the Electoral Division and by the numerous additional returns required by the commissioners and by the Legislature be entered on the minutes, that it is the opinion of the Board that the additional duties imposed upon him by the increased number of Electoral Divisions form a legitimate claim upon the Board for an increased salary and to enable him to provide an assistant but we deem it imperative upon the Government to provide the additional assistance required to make the returns demanded for legislative or political purposes that it is the opinion of this Board that fifty pounds a year additional ought to be added to our Clerk for the additional duties imposed upon him by the late changes in the number and extent of the Electoral Divisions.

We were much gratified with the industry
and order existing in the houses on our

opinion be a record every Board day
of the number of persons employed at
different occupations and the work done
by them. This would be a most creditable
and satisfactory record of the Guardians

Proposed by Robert B. Nute
Seconded by Philip Nelson

Resolved that the Resolutions see minutes of this
Board dated 22nd and 29th days of April 1845
praying the dismissal of Thomas Rossett the then
Master of the Workhouse be rescinded because we
are convinced that he acted in the case for
which he was then dismissed in a misconception
of a previous Resolution of the Board whereby
when a subsequent vacancy occurred in the same
office in this House, he was by the same Board
unanimously elected thereto. The parties
who originally took a prominent part in his
dismissal either supporting his new election or
silently assenting thereto, see Minutes of the Board
the 11th Day of December 1845 but that during
the then Board's negotiations (see Minutes the
17th Day of January 1846) for the re-employment
of and a removal of the legal disabilities under
which he laboured by reasons of the previous dismissal
the then Election and Ex-officio Board were replaced
by Vice Guardians, who knew nothing of the transaction
whereby the matter then fell to the ground. — But after the
law removed the Vice Guardians and called again into
operation an Election and Ex-officio Board it was
of the injustice done him the said Thomas Rossett
again sought the removal of the said legal disabilities
(see Minutes 9th day of August 1850) to enable him
to again seek employment under the Commissioners
to which they were then and have since sent now this
Board a very numerous one earnestly and unan-
imously pray that the Commissioners will now
remove the legal disabilities from the said Thomas
Rossett.

N^o 66.56 19th December 1850

Referring to a resolution of the Board of Guardians, on the 29th of October in reference to the removing of the legal liability under which Thomas Percott a late Parson of this Workhouse labours in consequence of his dismissal by the Board dated May 1842

Being read
It was proposed by James Dillon seconded by David Kelly, Resolved that in relation to the Commissioners Communication, in reference was made to their correspondence of the 13th January 1848, and in reply thereto we admit that there appears names on the Board on the day of his dismissal. Who had no interference whatever in it having either retired before that resolution was put on by reason of existing political differences amongst the Guardians, felt it useless to interfere. That in those differences Mr. Percott's incompetency was made more prominent to displeasure than who took any interest in his continuance beside, he felt himself coerced to report the matter in the Discharge of a previous Board, when the unanimous resolution of the 29th of October passed then were thence his Guardians present, the propriety of whom occasionally served during Mr. Percott's part of the House under all these circumstances, with our knowledge of Mr. Percott's competence and integrity, as well as our feeling that he was handsomely dealt with we therefore earnestly pray a further consideration of his case and look forward for a more favourable than that first was given.

The Bonds and other securities in force were laid before the Guardians by the Clerk, together with his Report thereon as follows: (this on the second Meeting after the Annual Election in every year).

Sealed order in the year 1845 read to state its regret that the unanimous appeals made on that behalf by a Body of Gentlemen who are now labouring to carry out the provisions of the act for the benefit of the poor the interest of the Rate payers and the satisfaction of the Commissioners could have such little influence on them. The Board did hope there was sufficient grounds given to the Commissioners heretofore to induce them to relax their previous determination regarding him without entering into a more minute explanation respecting their reasons as contained in their correspondence of 1848 but as those already given had not their due weight it is now thought necessary to be more explicit on the matter and to state that when Prescott ~~was~~ removed from office there was no finer than three contending parties composing this Board, to wit, the advocates of repeal those opposed to it and those who no matter how they either approved or disapproved of that measure, thought the Boardroom of a poor house ought to be otherwise occupied than as an arena for the discussion of such political questions.

Next Meeting of the Guardians to be held on Friday the 31st day of May 1851.

(Signed)

Clerk of the Union.

however in this conflict Prescott fell without any apparent disposition on his part to advocate the principles of either the one or the other. Still one of those factions became too powerful for the other but as it was impossible that they could personally annoy their opposing colleagues their vengeance became directed towards Prescott to thwart the other because he was respected by them that party not only sought after but multiplied every trifling immorality against him, paralysed his labors by passing him in the government of the House and ultimately succeeded in effecting his dismissal. Still this Board knows the deranged state in which the Books of the establishment were as well as the discipline observable in the House when he took charge as also how correct they stood on his departure. Now this Board respectfully submits that it can feel no interest in the matter more than a conscientious sense of duty toward the relief of a much injured and an unjustly persecuted individual therefore it hopes that the commissioners will even now give his case a more reasonable reconsideration and absolve him from the disability under which he labors and thereby give him an opportunity of again seeking office under them for the maintenance of his family as this Board is aware (from local knowledge) that he has (as heretofore stated) both capacity and integrity to fill any office in and about a Workhouse. The undersigned may undertake to perform,

Sis February 21st 1857

In reply to a Resolution of the Board of Guardians whereby I am required to make a report of the literary progress of the children who have been in my charge for the last six

I most respectfully beg leave to state that the average attendance of children in this School for the six months ended 31st of Jan'y last was 221 that out of this number 100 only were present for the whole of that period. These were classed as follows

There are at present 307 Boys in the School of these there are 208 in first class 66 in second and 33 in third 100 writing on paper 64 in Arithmetic 30 Reading English grammar and 30 Reading Geography. The additional number of Books supplied by the Board of Guardians enabled me to increase the writing class from 40 to 100 and considerably to increase the class in Arithmetic. All Boys under 10 years of age are at present kept at School for three hours daily and I am happy to be able to state that

The cases of provisional relief, and applications for relief were considered and decided on, as set forth in the Application and Report Books.

that each is progressing in the class to which he belongs,

As there is no industrial employment for the Boys I beg leave to suggest that if a number of Oakham were provided it would afford useful employment, but I have further to say that there is nothing better calculated to develop and promote the intellectual Physical and industrial improvement of the Children than agricultural pursuits

Seconded by Henry Quinn

Resolved That in a communication from the

Poor Law Commissioners read this day at the Board of Guardians they state the opinion of Colonel Blake in reference to the Mill lately erected on the Workhouse Premises that the Mill exclusive of the stores is not value for more than £15.0.0 although it costs the Union the sum of £70 the Guardians believe that they exercised a sound discretion in the purchase of the Mill are unwilling that such an imputation should rest on them and for the purpose of satisfying themselves as well as the Rate payers direct the Clerk to call on Mr. Roberts of Mountmelick to come over and view the Mill, as well for the purpose of giving an opinion on its efficiency as to report to the Board the value of the Mill that the Guardians may be satisfied whether the loan imposed on in its purchase

Passed unanimously

Next Meeting of the Guardians to be held on Friday the 7 day of March 1851.

(Signed)

Clerk of the Union.
